SERIOUSLY INJURED.

Dr. Laura Dunlap Thrown From Hack on Road to Inez.

Dr. Laura Dunlap, one of the physicians of the State Hospital, Lexington, is at the home of Mr. John Pinson, on Rockcastle creek, in a very serious condition as the result of an accident which occurred on Tuesday last. Dr. Dunlap and Dr. James Goodman, another hospital physician, were returning in a hack from Inez, where they had been summoned as witnesses on behalf of the commonwealth in the prosecution of Jim Brantham and Jim Thompson, charged with causing the death of a girl Rachael Pack, by administering drugs. The girl had been sent to the hospital, where she shortly afterwards died. When the hack containing the doctors reached the foot of the hill between Rockcastle and Nat's creek Dr. Goodman got out of the vehicle and went on ahead. When the hack had nearly reached the top of the hill it approached too close to the edge of the road, so called, and upset, falling 20 feet or more to the bottom, carrying Dr. Dunlap with it. When aid reached her it was found that she was badly injured. She was carried to the Pinson home, nearby, where she received the necessary aid. The hospital at Lexington was notified by wire and a trained nurse was immediately sent to her assistance. The case against Brantham and Thompson was dismissed, as it was shown that the Pack girl died of epilepsy. She was from Johnson-co.

NEW POOL ROOM.

The pool room on Main-st., next below Wilson's meat market has been rented by D. J. Burchett and Charles McDonald, and will be managed by the latter. This is a guarantee that the room will be conducted in an orderly way, and be entirely divested of all the features which have sometimes rendered such places objectionable. Bowling may also be indulged in.

HAS ENTERED COLLEGE.

On Monday last Mr. W. N. Sullivan and son, Chris, left for Bowling Green, Ky., where Chris became a scholar in a well known business college. The young man has shown considerable aptitude for this line of endeavor, which a training of the proper sort will do much to develop. The term will last about five months.

DR. BERRY ILL.

We regret to learn that Dr. W. A. Berry is seriously ill with typhoid fever at his home on East Winchester. Dr. Berry has not been well for some time and Saturday he went to bed and Dr. A. H. Moore was summoned and he pronounced his trouble typhoid.—Ashland Independent.

WELL KNOWN CITIZEN DIES.

Mr. Dolph Cole, a well known resident of Garner, died at his home Tuesday, July 15, after a protracted illness due to the infirmity of age. He was buried on Thursday. His age was 79 years. Mr. Cole's son, William, is a son-in-law of Mr. F. R. Moore, who attended the funeral.

A REUNION.

On Thursday of last week Mrs. Margaret Moore was happy in the presence of all her children. Mrs. Charles Newman, of Atlanta, Mrs. Hannah Lackey, Miss Kate Moore and Fred Moore, of Cincinnati, and John Moore, of Lockwood, being present. Mrs. Moore continues seriously ill.

Gives Them Fair Warning.

William H. May, Commonwealth's Attorney in the Thirty-first judicial district, has put himself on record with regard to bribery in elections in a way that should contribute much toward a free ballot and fair count in that section of Kentucky. In the course of a lengthy article in the Prestonsburg Monitor.

A SURPRISE WEDDING.

The news that she is no longer Miss Idie Brantham Smith but has become Mrs. L. L. Kinser, of Knoxville, Tenn., will come as a surprise to most of her Louisa friends. The change was effected on Sat. July 5th. The scene of the transformation was the residence of Mr. George Atkinson, this city. The magician who turned Miss to Mrs. was the Rev. C. M. Summers, of the Christian church. It had been the intention of Mr. and Mrs. Kinser to keep the news a secret until Aug. 1, when she would sever her connection with the telephone exchange, where she has for some time been chief operator, but this paper was given permission to publish the fact to-day.

ANOTHER BIG SALE.

J. Isralsky, our enterprising merchant, is putting on another big sale. Jake knows where and how to buy goods under the market prices and takes pleasure in passing the bargains along to his customers. His two-page advertisement in this issue tells part of the story. Call at the store and learn the rest.

Jake is a citizen and large taxpayer and entitled to preference over the outside fellows who run a lot of old stock in here to unload on our people in a few days. Jake's stock is new and clean. He keeps it moving and has no old undesirable accumulations.

CHAMPION SWIMMER.

Mrs. M. F. Cole of our city, is being praised and commended as the champion swimmer of this section. On yesterday Mrs. Cole showed swimming ability by swimming the broad Ohio from bank to bank at this point and returned within the time of 40 minutes. The daring feat has never before been performed in the history of our town and Catlettsburg feels highly honored to claim the first champion lady.—Catlettsburg item.

Mrs. Cole is the wife of Millard Cole, the well known traveling sales man.

IMPORTANT MURDER CASE

Transferred From Morgan County to Lawrence for Trial.

Some time last spring Dr. O. H. Motley, of Morgan or Wolfe county, shot and instantly killed a mail carrier named F. David Dennis. Soon after the shooting Motley was arrested and held at answer at the next term of the Morgan Circuit Court without bail. At the June term he was indicted for willful murder. A motion for a change of venue was granted and the case was sent to this county for trial and was set for the third day of the August term. At the same term of the court the defendant entered a motion for permission to give bail, which motion the court overruled. It also appeared to the court that the Morgan-co. jail was not secure and that an attempt might be made to take Motley from the custody of the jailer, and by order of the court the defendant was removed to the Montgomery-co. jail.

HOSPITAL NOTES.

Miss Lizzie Tomlin, of near Iron-ton, is in Riverview hospital, recovering from the effects of an operation for a tubercular affection of the foot. Nearly the entire foot was amputated, and she will get well.

Miss Burris, of Pike county, was brought to the hospital a few days ago suffering with an abdominal trouble. An operation for her relief was performed and she will return to her home in a few days.

Henderson Burton, of Georges creek, is being treated for appendicitis and will probably recover without an operation.

On Wednesday the wife of the Rev. J. M. Hicks, of Banner, was brought to Riverview, suffering with a tumor. She will probably have to undergo an operation.

Judge Boggs has gone to Cherokee for a needed vacation. Like the sensible man that he is he has directed that the NEWS follow him.

\$4.00 PER CAPITA.

School Teachers Will Receive Same Pay as Last Year.

Based on an estimate of \$3,038,000 revenue for the present fiscal year, the school per capita apportionment will remain \$4, the same as last year. The total scholastic census is 721,813, a decrease of 12,236 from last year. This is due to the close scrutiny of returns, and represents a considerable trimming in the returns, allowing for a general increase of 25 per cent. in the scholastic population from year to year. This estimate of revenue would permit of a per capita apportionment of \$4.20; but the possibility of revenue falling short of the estimate made it advisable, Supt. Hamlett said, to allow a margin.

A deficit and outstanding debts of \$558,000, found existing by the present administration, has been wiped out, so the schools really will have more money. The per capita apportionment of the school fund will be \$4, the same as last year.

Lawrence county's fund will be increased some by the dog tax. Last year it added 24 cents, making our per capita \$4.24. This year should be about the same.

Mr. Shannon at M. E. Church.

"On Sunday night last the Rev. Frederick Shannon preached to a congregation which filled every available foot of space in the M. E. Church. He founded his discourse upon the last three or four verses of the last chapter of Mathew's gospel, speaking more particularly of the force of the expressions "all power," "all the world," "all nations," "am with you all days," and to the end of the age, as the new version has it. The sermon was delivered with the force and eloquence which characterized all Mr. Shannon's platform and pulpit utterances and was listened to most attentively.

Murdered In Clerk's Office.

On the afternoon of Thursday, July 10, Miss Docie Williamson, aged 28, and Mr. Ellsworth Mills, aged 22, both of Martin-co., were married in the county clerk's office, this city, the Rev. H. B. Hewlett officiating. Both bride and groom are very nice people, well looking and intelligent, and are members of highly respected families.

Called To Preach Funeral.

The Rev. Burwell Akers, of Ceredo, came up Monday to Fort Gay for a few days visit to friends, but was called Tuesday to attend the funeral of the widow of Smith Cyrus, near the mouth of Whites creek. Mrs. Cyrus was 90 years old. She had been bedridden for years, and in recent years had prayed constantly for death.

Russell Schultz, of this city left Sunday night for Portsmouth to accept a position in the office of Divn. Superintendent N. and W. Ry. Co. Russell formerly occupied a position of similar character in the N. and W. office at Bluefield, W. Va., and will make good as a railroad man.

FARM FOR SALE: Thirty acres on main road to Louisa, on Big Blaine creek, Irad postoffice. 12 acres top hill suitable for meadow. 3 acres bottom, 4 acres in grass. 4-room house and barn and a good well in yard. Address LIGE KELLEY, Sta. C, No. 4, S. Columbus, Ohio.

Miss Nola May Osborn, returned Wednesday from a two month's visit to East Point. She was accompanied home by Master Frank Rayney.

Some prominent B. and O. and Consolidation Coal Co. officials passed through Louisa on Monday last in a couple of private cars attached to a C. and O. train.

Misses Lucile and Adelaid Burnett, of Huntington, who had been visiting Louisa relatives, returned home Monday accompanied by their cousin, Miss Helen Vinson.

FATAL ACCIDENT.

Stanton Conley, 18 years of age, an employee of the Vansant-Kitchen Lumber Co., met death almost instantly in a very unusual manner at the lumber yards, just below Catlettsburg, Monday evening, about 5 o'clock.

Young Conley, who is a son of Jas. C. Conley, who resides on a farm near Princess, and Ora Frazier and Orval Cunningham were engaged in trucking lumber near the railway tracks, when a "shotter" engine backed in with some cars. As smoking was not allowed around the yards, the three boys climbed into a box car to enjoy a quiet and unobserved smoke. After they had lighted up the train began to move and young Conley put his head out of the car doorway to see how things were. As he did so, the car door, which was loose at the bottom, struck an obstruction on the platform, causing the door to close against the unfortunate boy's neck, breaking it, but not injuring him otherwise.

The remains were taken to East Fork for interment.—Ashland Independent.

NEW TOWNS IN LETCHER.

The Mineral Fuel Co., which is building the town of Fleming, near here on Wright's Fork, will start work at once on several miles of model roadways in and around the new town. Three miles of fine roadway, over which automobiles will be run, are to be constructed between McRoberts and Fleming, the Consolidation Coal Co. and the Mineral Fuel Co. standing the expenses. The Consolidation Coal Co. has already built twelve miles of roadways between McRoberts and Jenkins and in the two cities.

COL. DIAMOND STILL LIVES.

A recent letter from Col. George Diamond, a brother of "Uncle Josh," gives his residence as Benton, Missouri. A year or so ago he was reported dead. His ex-Confederate companions will be glad to hear of him.

MRS. T. W. NEWBERRY.

Death Occurs at Inez at the Age of Ninety Years.

Mrs. T. W. Newberry, one of the oldest and best known women in this section, died Wednesday night at her home in Inez, aged about 90 years. She will be buried Friday, with appropriate services conducted by her old pastor, the Rev. H. B. Hewlett, of this city. Mrs. Newberry is survived by her husband, who is 92 years old, and seven children. The deceased was a native of Virginia. Her maiden name was Powers. She was a pioneer member of the M. E. Church South, and her home was ever the home of the preacher. The hospitality of the Newberrys was abundant and proverbial, manifested by wideopen doors and loaded tables. Mrs. Newberry was a woman of much intelligence, kindness and generosity and will be greatly missed by hosts of relatives and friends.

Notice from County Clerk.

Notice is hereby given that I will have separate ballots prepared for all women to vote in the race for Co. Superintendent Schools of Lawrence county, in the primary election which will be held on August 2, 1913.

MONT HOLT, Clerk.

IN SELF DEFENSE.

Supt. Jay O'Daniel Replies to Critics and Defends His Course.

to allow me expenses for anything except money actually paid out in discharge of my duties and have paid out more money for office help that the board has allowed for my expenses.

I have saved to the taxpayers of Lawrence county at personal cost of more than \$50.00 to myself, over \$2000, by having the high school contract for \$1000 a year, annulled which was in force when I came into office, and it can readily be understood why certain parties to whom this extra money was coming have so bitterly fought my administration.

I can truthfully say for myself and for the members of the County Board who have had charge of the school funds for the county, that we have labored honestly and conscientiously to see that every dollar expended brought full value, and in my opinion the results accomplished prove this statement. Twenty-four new school houses have been erected, more than sixty old buildings have been repaired, new-outbuildings have been built in more than three-fourths of the school districts, new furniture has been placed in about two-thirds of the school houses, wells have been dug in many districts, houses painted and various improvements made.

In regard to County Supervision, I find there has been more criticism and false representation than upon any other subject, and in most cases I find the criticism has been inspired by selfish motives, principally to get votes, or from a failure to understand just what it means.

Supervisors or truant officers are elected by the County Board of Education and their salaries are fixed by the said board and the superintendent does not have a vote on the question, except in case of a tie.

Their duties are to aid teachers in the organization and grading of their schools, to see that the course of study is enforced, which the law absolutely requires to be done; to offer helpful suggestions to inexperienced teachers, to stimulate and encourage work for the improvement of the schools in every way possible, and to act as truant officers in the enforcement of the compulsory school law.

To show the sincerity of one of the critics I wish to offer the following report written by Mr. Ekers at the close of his term as Supervisor last year, which he submitted to the County Board, asking to be employed at the same time for another year.

You will note, also, that Mr. Ekers is at present urging the people to vote for him for Supervisor, claiming that he will save the taxpayers the cost of Supervisors.

Not only Mr. Ekers, but 89 of 98 teachers, in answer to a direct question on their Supplemental Report last year, unhesitatingly endorsed supervision, giving their reasons for so doing. Five were opposed to it and did not answer.

According to the records in my office more than \$2000 was made up for the improvement of the schools last year through the work of the Supervisors, and the attendance in the schools was increased from 32 per cent. in 1910 to 65 per cent. by sworn statements from all the teachers last year.

No other county in the state can show a like increase in attendance.

Below is Mr. Ekers' verbal report which shows his real stand on Supervision, and Mr. Ekers knows himself, and the County Board members know why he is fighting supervision, and why he is not at present filling the same position that he held last year.

The improvement league, agriculture and such work covered by his report was done under my direction.

In answer to several inquiries regarding the course of study for this year, I think it best in all cases to follow the suggestions of the Supervising teachers regarding the grades to be taught this year. Instead of having 3rd, 5th and 7th grades, you will teach 4th, 6th and 8th grades. The same studies required in the 8th grade are required in the 7th grade, the only difference being the place in the Text Books when the work commences. In studies like Arithmetic, where it is impossible for the pupils to take up 8th grade work. The teacher can over come these difficulties.

By continual thinking of the hot weather, by keeping an eye on the thermometer and adding to discomfort by a fussy disposition, one draws to his head more blood than that organ should contain, and the result is misery and possible prostration or sunstroke. The wise way is to buckle down to business and—

Forget It.

Smile as you sweat. Sweat and smile. The mental habit of optimism, which includes forgetfulness of small things, will make you fairly comfortable even under unsatisfactory conditions. Therefore—

Forget It. And also—

If something has gone wrong with the farm, or the store, or the shop, or office, if the plow is perverse or the store stupid, or the shop slow or the office oppressive, why—

Forget It.

Life is too short to treasure up the trivial. He who does that only hems his mind and actually poisons it, as laboratory tests have shown.

Whatever your trouble—it is not as big as you think it is—unless you make it so by dwelling on it and brooding over it.

Forget It.

Do not brood. Forget. Do not harbor resentment. Blame it. Do not get wimpy mentally. You cannot afford that. Forget it.

Forget It.

Blessed is the man who is wise enough to forget, as says an Illinois exchange, noted for its truthful sayings.

Wanted, A Girl.

Wasn't wanted a girl—a daughter—in a thousand homes, bright, smiling, helpful, always willing to hold the baby, set the table or sweep the floor, and to do these things so happily and cheerfully and well. Economy and wise management as that the baby will grow, the table upon his energy and business can—will look like a well balanced picture. She is earnest and eager thus, and the careful, critical grand-to-be here and to grow with him that

the home may be built and adorned, that the children may be educated and that old age may find them in peace and comfort enjoying the leisure they have earned.

What is the good of dwelling upon slight or hostilities? Many of them are fancied. If we have enemies let us avoid them and refuse to think of them. To consider the wrongs that we think another has put upon us fills us with anger and all uncharitableness. Let us rather think of our friends who are a source of peace and pleasure and encouragement, of Christ who said, "Father, forgive them for they knew not what they do" and of His apostle who wrote to the Corinthians, "Charity suffereth long and is kind, seeketh not her own, is not easily provoked and thinketh no evil."

Kid Your Children of Worms.

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath, are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brisbin, of Elgin, Ill. says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

RESOLUTIONS.

The quiet stillness of Sunday afternoon, July 6th, was broken when in the inscrutable wisdom of all-wise God, the Messenger of Death summoned the spirit of our brother, Stephen Gerard Kinner, to come forth from its tenement of clay, to mount upward into the glad sunshine of the Divine presence for association with the angels and the redeemed saints who had gone before, there to rest in eternal joy and peace.

"Calmly he looked on either life, and here
Saw nothing to regret, or there
to fear."

Resolved, That we, as Masons, knowing that our Great Grand Master ruled righteously in all things, now in humble submission to His will.

Resolved, That in the loss of Brother Kinner the state has lost an honored, upright citizen who as Judge of her court devoted the best years of his life to her service in administering Justice with that true Masonic spirit which marks no difference between rich and poor; the county and city a man whom no one was to love; his family a husband and father, kind, loving and devoted; and the lodge a true and upright brother.

Resolved, That we extend to the deceased brother's widow and daughters our tenderest sympathy in this their trying hour of bereavement, and command them to the Grand Master and Father of us all who will fold His protecting arms of love around those who trust and believe in him.

Resolved, That as a mark of our esteem and in fraternal remembrance that these resolutions be spread upon the record of our lodge and a copy be sent to the bereaved family and the Masonic Home Journal and other local papers for publication.

Miss Jessie Wilson will be the 13th White House bride.
Now, Jessie, please don't make it worse by marrying on Friday.

The State Department of Agriculture issued its crop report for the last month. Drought conditions prevailing since the report of June 10 have marred the splendid prospects for most crops. Bluegrass seed will be unusually scarce and pasture is short. Fruit crops were seriously affected by the lack of rain, the report says.

THE CROP REPORT ISSUED JULY 10TH, '13, FOR KENTUCKY.

The splendid prospects for good crops as reported on June 10th, have been greatly lessened owing to the severe drought throughout the State. In some places local showers have been reported and crops in these localities are looking in splendid condition. Central and Western Kentucky seem to be suffering more from the dry and hot weather prevailing. The condition of wheat shows 90 per cent. which is an in-

crease over last month's report of 5 per cent. Wheat is reported as not yielding so many bushels per acre, but the quality is extra good. The condition of rye also shows a higher average than was anticipated a month ago, same being 89 per cent. The corn crop is 98 per cent. while the condition shows 91 per cent. The acreage of oats is given as 88 per cent. and the condition 74 per cent. slightly lower than last month's crop indicated it would be, which condition was reported as 79 per cent. June 10th. Dark Tobacco shows an acreage of 64 per cent. while the condition is 75½ per cent. Burley Tobacco reports 80 per cent. acreage and 79 per cent. condition, 94 per cent. is the acreage of potatoes; the dry weather has had such an effect that the condition shows only 76 per cent. as against 93 per cent. the outlook reported June 1st. The sweet potato acreage is 93 per cent. while the condition is 89 per cent. Bluegrass seed crop will be exceedingly short this year, and owing to the continued drought pasture conditions generally are short. The condition of grasses is given as follows: Bluegrass 74 per cent. Clover 78. Alfalfa 87, and Orchard Grass 81. The acreage of Cow Peas is reported at 90 per cent. while the condition is 89 per cent. The acreage of soy beans is 83 per cent. and the condition 90 per cent. The garden conditions are only about 80 per cent. as the drought has greatly effected same. Young poultry is doing well, and the condition of chickens generally is reported as 93 per cent.

The condition of the fruits of the State have all fallen below the prospects earlier in the season. Apples show 73 per cent. as against 85 per cent. reported last month. Peaches 70 per cent. as against 78 per cent. last month. Pears 55 per cent. as against 61 per cent. last month. Plums 64 per cent. as against 67 per cent. last month. Grapes 87 per cent. as against 89 per cent. last month, and blackberries 90 per cent. showing a somewhat smaller crop than was reported earlier.

The disease known as catarrhal fever or pink eye among the horses, which has been prevalent in certain localities for some time is reported to be well in hand and no new outbreaks for the past ten days have been reported, and the localities suffering most from this disease are about cleared up. No new cases are reported.

Local rains have been reported in the following counties in which crops are looking in good condition: Shelby, Nelson, Kenton, Lawrence, Crittenden, Marshall, Graves, Caldwell, Jackson, Letcher and Laurel. Pasture and tobacco are reported as suffering the most for the lack of rain.

There has been a large corn crop planted and the reports are that it is generally clean and in good condition. If the drought is broken soon, there is every prospect of a bumper corn crop.

All examination questions will be prepared on 6th and 8th grade work.

I hear that some schools failed to start on the 14th. Remember that teachers who are under contract to begin school on the 14th, forfeit their contracts unless they begin on that date, where it is possible to begin. The trustee, teacher, patrons and not even the superintendent nor county board can legally postpone the commencement of a school. That can only be done by the Division Board.

Respy,
JAY O'DANIEL, Supt.

EKERS' REPORT.

To the Superintendent and other members of Board of Education of Lawrence county:

Gentlemen:

As I shall not be able to attend your meeting tomorrow, I will send you a short report of my work, when I commence the work of supervision in July, I was a little doubtful as to whether it could be made pay or not, that is I doubted whether I could possibly earn for the county the meager salary I was to receive, but I went to work to organize on course of study and assist in grading on my first trip around, which I made as fast as I could, and I was surprised at the nearly co-operation I received from nearly all the teachers of my work along this line.

Hence as one result of my work and the work of the many live teachers who aided me, I believe every school followed the graded course as nearly as it was possible to do so on his particular school and this means in most schools that it was followed almost to the letter. There was some opposition to this work from parents who did not thoroughly understand what it meant to their children and they refused to buy the necessary books and in districts infected with this opposition and neglect, of course the teachers could not do their best work.

After organization of the school was as good as I thought it would be possible to make it this year I turned my attention to improvement leagues, agriculture and domestic science in connection with the school.

Quite a number of teachers gave instruction in elementary agriculture and I found great interest in this subject where I found a teacher who had given it thought and realized the importance of it to the children.

As to domestic science, I found the greatest interest manifested in that part of it called needle work, I had quite a number of teachers show me samples of sewing and "Fancy Work" done by pupils that I called real good work. I also saw other things that were suggested in the little bulletin on "Home Economics" practiced in the homes of some of the larger girl pupils, there is no doubt but what this subject can be made of more interest to girls than the map of Africa can be.

The improvement league was not without its foes. In many districts the teacher would talk the subject only to the trustee and "Leading Citizens" were not in favor of them so they did not attempt to organize. In a few cases the teacher alone was to blame for not having a good league. In addition to nearly 200 calls that I made on schools and almost one month's work as substitute teacher, I put in quite a number of nights in assisting teachers in these organizations and I think when the reports are all in from them it will show that they have done considerably over \$1000.00 worth of improvement at a cash value. This improvement has been in the establishment of libraries, white washing and painting houses, cleaning off play grounds and white washing trees and doing work on school grounds to render them more sanitary. The above may be called the cash value of these meetings, but from what I have seen of them I consider their greatest value to be in the interest they stimulate in school work. No district that has had good league this year will do without one next year, while several of them intend to keep up a permanent organization from now on.

Not the least part of my work has been the enforcement of the compulsory school law. I have written several hundred letters and notices to parents concerning the attendance of their children and have put in much time talking to them and investigating cases reported for violation of this law.

A. Wellman, butcher, Cross St., Louisa, Ky., says: "Doan's Kidney Pills are the finest kidney remedy I ever used. My kidneys give me action was irregular and the kidney secretion was unnatural. I also had backaches. Different medicines I used give me no benefit until I began taking Doan's Kidney Pills. In a short time I began to feel better, and before long I was strong and well. I never tire of praising this fine preparation."

NOTICE

Our store will be closed Friday July 18 in order to rearrange and mark down stock for the great sale. Will open Saturday, July 19, at 8 a. m. sharp.

Grandest Event in History of Louisa!

A Sale You Cannot Afford to Miss!

A Buying Opportunity Unequalled!

NOTICE

Every item will be marked in plain figures, positively one price to all. Terms positively cash. No goods taken out on approval.

CO-PARTNERSHIP SALE

Starts Promptly at J. Isralsky's Store on

SATURDAY, JULY 19, 8 A.M.

AND CONTINUES FOR 10 DAYS - Ends JULY 29

A considerable change is to take place in our business about August 1. After that time the same business will be known under the name COHEN, ISRALSKY BROS. & CO. But before we can do this we are compelled to dispose of our entire \$15,000.00 stock of Merchandise within 10 days regardless of what it brings. Our stock at present is better assorted than it has ever been before. Everything is new and up to-date and to sell it in such a short time we are bound to slaughter the prices. No matter what the result may be it must be closed out by July 29th. **BE WISE. COME EARLY. GET THE PICK.** Promptly at 8:00 o'clock Saturday Morning, July 19th, the Great Sensational Cash Realization Sale will be on—such a Money-Saving Sale as the bargain critics of Louisa never beheld. Can you, DARE YOU, in justice to yourself and family overlook this golden opportunity?

Don't compare this gigantic slaughter of values with the little tail-end, so-called Salvage Sales, Clearing Sales, Semi-Annual Sales or Bargain Sales. Even a comparison would be ridiculous. Remember that every item we sell is guaranteed by us. It isn't like you buy from some newcomers as they have in some remote towns. Today they are here, tomorrow they might be in California. There is no dependence in any such sales. Now we only ask you to read our bill and compare our prices with others and come to our store Saturday Morning at 8:00 o'clock sharp and you will be convinced. Really it is useless for us to say that we are going to have a genuine sale. People for 50 miles around know Jake and know that his sales are always genuine. To give you an idea of the thousands of items will mention a few of them. To appreciate them you must see them. See them and you will buy.

FOLLOW THE CROWDS SATURDAY MORNING AND LOOK FOR THE BIG SIGN BEARING THE NAME J. ISRALSKY--THE ONLY GENUINE SALE IN TOWN

TO GAIN ATTENTION

and hold it, to impress those in whom you are interested, to feel confident that you are cleverly clothed, mean a lot to you.

To successfully do all these things—wear Northcott-Tate-Nagy Co. Clothes.

It may be a gray, a tan or a brown—it may be a Norfolk or astroling suit, whatever the style the "air" is there.

These are priced now as low as \$11. (were \$15). Special values representing the utmost in tailoring at \$18. (were \$25) and in like manner, a large percent of the original prices has been lopped off.

STRAW HATS

Commencing Saturday, July 12th, all straw hats, Panama and Boughs will be put on sale at HALF PRICE.

This is your chance to get your second straw at half what your first one cost.

Your business will receive our best attention if given to us. Write TODAY.

PIKE COUNTY NEWS

Murder at Mouth of Beaver--House Burned--Dead Man Revived.

MURDER AT MOUTH OF BEAVER.

Miles Salsbury, a merchant of Mouth of Beaver, was shot and instantly killed in his store at eight o'clock Wednesday night by Wes Combs. The cause of the trouble is said to be an old grudge that has been standing for years.

Combs came into the store a few minutes before the tragedy in a drunken condition and started a rough house, according to the report. Salsbury tried to persuade him outside of the store. He refused to go, and loudly threatened to shoot up the house. Salsbury, it is said then undertook to force him out, and he drew a revolver and fired several shots, all of which took effect in the victim's head, producing instant death.

Combs is yet at large.

FARMER'S HOME BURNED.

The hand of fate fell heavily upon Harman Robinson, a farmer living on Greasy creek, near the forks of the river Monday night, when flames from an unknown origin burst out of his little cottage at midnight and destroyed the last dollars worth of his earthly possessions, except his wife and several children; and these barely escaped with their lives.

Mr. Robinson is a hard-working farmer, and by utmost diligence and saving he had managed to carve out a modest little home for his family, and this misfortune would have been a much lighter load upon the shoulders of any other man.

A number of the good people of Shelbiana have expressed the intention of doing something to lessen the great burden of the loss, and we are asked by Mrs. Richard Ratliff, of that place, to say that anyone who wishes to contribute something toward such a beneficent cause may reach Mr. Robinson at Millard, Ky.

HEAVYWEIGHT BOY DIES, IS REVIVED.

Arthur Mims, the sixteen-year-old son of Martin Mims, of Stone Coal, this county, died from the effects of overheating Monday morning and was placed on the cooling board by the undertaker where he remained for two hours. But Redivivus seemed to be the word he had in mind all the time he was laying on that hard, uncomfortable bed to which the undertaker had confined him, and he suddenly raised up and told his dear ones to dry their tears, because he wasn't going anywhere, and meant all the time to stay right at home.

Mims won the heavyweight prize here on July Fourth as the heaviest boy under 18 in the county. He weighs 276 pounds.

PIKEVILLE PLAYS PRESTONSBURG AGAIN.

The Pikeville ball team went to Prestonsburg last Saturday to play another match game with the local team of that city, which has held the undisputed championship among the Big Sandy river teams for years. The playing showed well for Pikeville, and the score stood 4 to 5 in favor of the invincible Prestonsburg team.

POOLE-THOMPSON WEDDING.

Miss Pearl Thompson, the pretty step-daughter of Mr. and Mrs. Jake P. Morris, was united in marriage to Mr. Arthur Poole, a young painter of this city, last Saturday evening at the home of the bride's parents near the C. and O. tracks. The wedding ceremony, which was performed by Rev. T. J. Rigg, of the Baptist church, was of simple but impressive character, and only witnessed by a very few friends.

This was the culmination of a pleasant courtship extending over a year; and, while Arthur was an ardent lover, yet no one expected that it would ripen into matrimony, and the timid young man neglected to ask the parents of the young lady for her hand until 5 o'clock Saturday afternoon. The wedding took place two hours afterwards.

They will make their home in Pikeville.

TAX VALUATION OF COAL LANDS RAISED.

An important case has just been appealed from County Judge Stallard's court to the state court of appeals which involves the tax valuation of approximately \$2,000,000 worth of coal properties within the bounds of Pike Co.

When the various companies list-

ed their properties for taxation last September, the very modest figures set by the companies as a fair valuation of their holdings appeared inconsistent with their enormous output and earnings; and seeking a proper adjustment of this matter, Judge Stallard ordered the appointment of a board of supervisors to make a proper revision of the figures. The companies were greatly dissatisfied with their findings and appealed the case to the county court. In trying this case Judge Stallard personally canvassed the record as shown by the Assessors books, and found that in some instances an improper adjustment had resulted from the work of the board.

In rendering his judgment he sought to strike a middle course between both of these extremes, guided by a careful compilation of facts and figures, and thus satisfy, in some degree, all parties concerned.

The companies, however, are not all satisfied with his efforts at justice, and appealed the case to the circuit court. Judge Butler of that court would have nothing to do with it, saying that the statutes confer upon him no power of fixing taxable valuations of property. It was then appealed to the supreme court of the state for final adjudication, and it now awaits the action of that body, which will take place this fall.

Following are the assessments of several of the companies, according to their own figures, together with the valuation placed upon them by the supervisors and the county court's final decision:

The Kentland Coal Co.: Assessed at \$229,645, raised by supervisors to \$432,327, fixed by the court at \$405,337.

Chesapeake Mining Co.: Assessed at \$54,000, raised to \$108,000, adjudged to \$72,000.

Northern Coal & Coke Co.: Assessed at \$75,014, raised to \$92,621 adjudged \$90,000.

Mason Coal & Coke Co.: Assessed at \$13,850, raised to \$33,576.

SOCIETY.

Miss Georgie Phelps entertained Miss Sallie Hurt to five o'clock dinner last Saturday afternoon.

Mr. and Mrs. Ben Hays have gone to Jellico, Ky., where they will be the guests of friends for a few days during Mr. Hays' vacation.

Mrs. John Adkins, wife of one of Pikeville's carpenters, died last Monday morning after an illness of several months from a complication of maladies.

C. B. Heflin, of Paintsville, was here last Monday on business.

Some of our teamsters seem to think that our spick-and-span new pavements are ready for use, but Supt. Myers doesn't think so; and to protect them while they are yet "green," the council has passed at his request a special protective ordinance imposing a fine upon the use of any of the streets so far paved until they have sufficiently dried, and a guard has been posted night and day to protect them against trespassers. But it is the intention of the manager to open a part of the new pavement for public use to-day. These will be in West Pikeville.

Squire G. W. Elliott, of Beaver creek, the largest independent telephone promoter in Eastern Kentucky, spent several days here last

week.

Mr. and Mrs. Hayes Phillips, of Deskins, Ky., spent last Saturday in town.

W. J. Smith and S. R. Hurley, of Clintwood, Va., were here Sunday.

Howard L. Burpo, of the B. and O. road, at Jenkins, spent Sunday in this city.

Walter W. Reynolds returned Sunday evening from a professional visit to Prestonsburg.

The Letcher Circuit Court is in session this week, with Judge J. F. Butler, of Pikeville, on the bench.

Mr. and Mrs. Sam Coda, of Huntington, who have recently been involved in an intrigue in which the Sneed brothers, contractors, were also concerned, were formerly citizens of Pikeville. Frederick and N. K. Sneed, the two principals in the case, are sub-contractors for a section of the grade work through the Breaks, and also spend much of their time here.

O YOU COUNTRY KIDS.

C. E. HENSLEY'S POSITION.

The office of Jailer is the first I have ever asked at the hands of the good and loyal people of Lawrence county. I ask your vote only for one term of four years. I do not believe in a life tenure in office; believe it is repugnant to the principles of all parties. There are others who are entitled to recognition, and my idea is a four year term is sufficient for any man for jailer. If you nominate and elect me I assure you that my acts as jailer will be such that you will never be ashamed that you voted for me. If elected I assure you I will keep the jail and premises in a clean and sanitary condition.

C. E. HENSLEY.

Mr. Grouch—"I'm going to have the gas range taken out! I won't pay another bill this size! It's using the range all day on washday that costs so much."

Anty Drudge—"Do stop fussing about that bill! Just get your wife a cake of Fels-Naptha Soap. You won't have any more quarrels, because she doesn't need to use hot water, and can save gas."

Certainly no woman would deliberately make part of her work twice as hard and take twice as long as is necessary.

Yet that is what the woman is doing who clings to the old-fashioned way of washing clothes.

Fels-Naptha Soap will do all the hard work, will get the dirt out of the clothes without boiling or hard rubbing, in half the time, and in cool or lukewarm water.

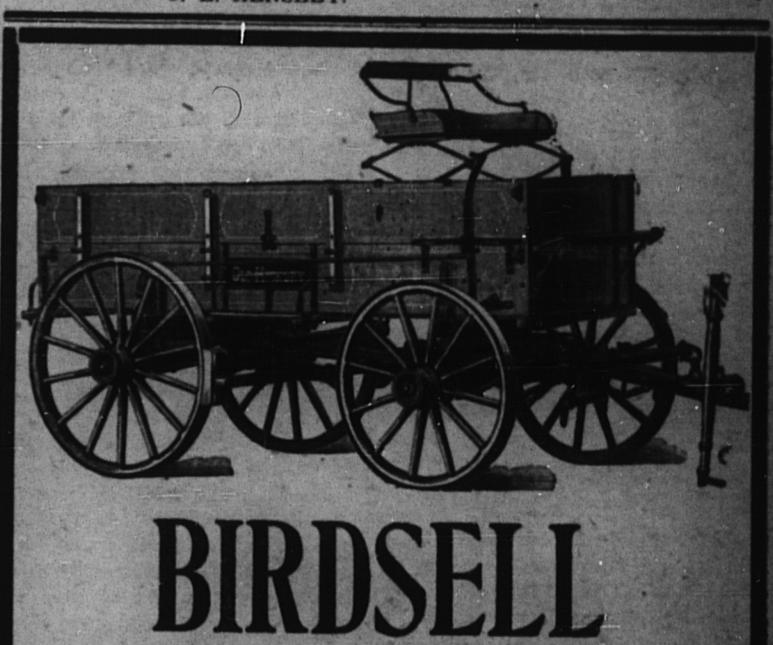

Just follow the easy directions on the Bed and Green Wrapper.
